Cost of the Solicitation will be borne by the Company. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Company who will not be directly compensated therefore. The Company has arranged for intermediaries to forward meeting materials to beneficial owners of the Shares held of record by those intermediaries and the Company may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the shareholder is a corporation, the instrument of proxy must be signed by a duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of attorney or document whereby the duly authorized officer or corporate representative derives his power, as the case may be, or a notarially certified copy thereof.

The articles of the Company confer discretionary authority upon the Chairman of the Meeting to accept proxies which do not strictly conform to the foregoing requirements and certain other requirements set forth in the articles.

Voting by Proxy and Exercise of Discretion

On any poll, the persons named in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the shareholder in respect of voting for or against any resolution, will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the motions proposed to be made at the Meeting and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular. The instrument of proxy enclosed, when properly signed, confers discretionary authority with respect to amendments or variations to any matters which may properly be brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the management should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

REVOCATION OF PROXIES

Any registered shareholder who has returned a proxy may revoke it at any time before it has expired. In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy either by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, or (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders (as defined below under "Non Registered Holders of Common Shares") who wish to change their vote must arrange for their respective intermediaries to revoke the proxy on their behalf.**

NON-REGISTERED HOLDERS OF COMPANY'S SHARES

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders ("Non-Registered Holders") because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased their shares. In addition, a person is not a registered shareholder in respect of shares which are held on behalf of that person but which are registered either: (a) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 ("NI 54-101") of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the Instrument of Proxy (collectively, the "Proxy Solicitation Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Proxy Solicitation Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them or unless there is a special meeting involving abridged timing under NI 54-101. Very often, Intermediaries will use service companies, such as ADP Independent Investor Communication Corporation ("ADP"), to forward the Proxy Solicitation Materials to Non-Registered Holders.

Generally, Non-Registered Holders who have not waived the right to receive Proxy Solicitation Materials, or where there is a special meeting involving abridged timing under NI 54-101, will either:

- (a) be given a form of proxy which **has already been signed by the Intermediary** (typically by facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise incomplete. Because the Intermediary has already signed the form of Proxy, this form of Proxy is not required to be signed by the Non-Registered Holder when submitting the Proxy. In this case, the Non-Registered Holder who wishes to submit a Proxy should otherwise properly complete the form of Proxy and **deposit it with the Transfer Agent as provided above**; or
- (b) more typically, be given a voting instruction form which is **not signed by the Intermediary**, and which when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company** (such as ADP), will constitute voting instructions (often called a "proxy authorization form") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. In the alternative, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of Proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of Proxy, properly complete and sign the form of Proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the Shares which they beneficially own. Should a Non-Registered Holder who received one of the above mentioned forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the management proxyholders named in the form and insert their own name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary or its agents, including those regarding when and where the Proxy or proxy authorization form is to be delivered.**

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere in this Information Circular, none of the directors or senior officers of the Company, no proposed nominee for election as a director of the Company, none of the persons who have been directors or senior officers of the Company since the commencement of the Company's last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of the Company consists of an unlimited number of common shares without par value. As at October 21st, 2016, there are 52,312,779 common shares issued and outstanding. Each Common Share carries the right to one vote. At a general meeting of the Company, on a show of hands, every shareholder present in person shall have one vote and, on a poll, every shareholder shall have one vote for each share of which he is the holder.

Only shareholders of record on the close of business on the 21st day of October, 2016, who either personally attend the Meeting or who complete and deliver an instrument of proxy in the manner and subject to the provisions set out under the heading "Appointment and Revocation of Proxies" will be entitled to have his or her shares voted at the Meeting or any adjournment thereof.

Specifically, the Audit Committee will:

5.0 Miscellaneous

CORPORATE GOVERNANCE

General

Effective June 30, 2005, National Instrument 58-101 Disclosure of Corporate Governance Practices (“NI 58-101”) and National Policy 58-201 Corporate Governance Guidelines (“NP 58-201”) were adopted in each of the provinces and territories of Canada. NI 58-101 requires issuers to disclose the corporate governance practices that they have adopted. NP 58-201 provides guidance on corporate governance practices.

The Board believes that good corporate governance improves corporate performances and benefits all shareholders. The Canadian Securities Administrators (the “CSA”) have adopted NP 58-201, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Company. In addition, the CSA have implemented NI 58-101, which prescribes certain disclosure by the Company of its corporate governance practices. This section sets out the Company’s approach to corporate governance and addresses the Company’s compliance with NI 58-101.

Board of Directors

The Board of Directors (the “Board”) facilitates its exercise of independent supervision over management by ensuring that the Board comprises a majority of independent directors. Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A “material relationship” is a relationship which could, in the view of the Company’s board of directors, be reasonably expected to interfere with the exercise of a director’s independent judgment. The Board is comprised of four directors, two of which are considered to be independent. Messrs. Gareth Thomas and Tanaka are considered to be independent directors for the purposes of NI 58-101 and the Company’s President and CEO, Mr. D. Grenville Thomas, and the Company’s Corporate Secretary and CFO, Mr. Pollard are not considered to be independent.

The mandate of the Board is to act in the best interests of the Company and to supervise management. The Board is responsible for approving long-term strategic plans and annual operating budgets recommended by management. Board consideration and approval is also required for material contracts and business transactions, and all debt and equity financing transactions. Any responsibility which is not delegated to management or to the committees of the Board remains with the Board. The Board meets on a regular basis consistent with the state of the Company’s affairs and also from time to time as deemed necessary to enable it to fulfill its responsibilities.

Directorship

The following is a list of each director of the Company who is also a director of other reporting issuers (or equivalent) in a Canadian or foreign jurisdiction:

<u>Name of director</u>	<u>Other reporting issuer</u>

Victor Tanaka	Fjordland Exploration Inc. Bayswater Uranium Corp. Impact Silver Corp. Consolidated Woodjam Copper Corp

Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company's properties, business and industry and on the responsibilities of directors. Board meetings may also include presentations by the Company's management and employees to give the directors additional insight into the Company's business.

Ethical Business Conduct

The Board proposes to approve a Code of Business Conduct and Ethics (the "Code") to be followed by the Company's directors, officers, employees and principal consultants and those of its subsidiaries. The Code is also to be followed, where appropriate, by the Company's agents and representatives, including consultants where specifically required. The purpose of the Code is to, among other things, promote honest and ethical conduct, avoid conflict of interest, protect confidential or proprietary information and comply with the applicable government laws and securities rules and regulations.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy will be reviewed.

Compensation

The Board determines the compensation for the directors and CEO. A summary of the compensation received by the Named Executive Officers of the Company for the financial year ended December 31, 2015 is provided in this Circular under the heading: "Executive Compensation". A summary of the compensation received by the directors for the financial year ended December 31, 2015 is provided in this Circular under the heading: "Compensation for Directors"

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis describes and explains the Company’s policies and practices with respect to the 2015 compensation of its named executive officers, being its President and Chief Executive Officer (the “CEO”) D. Grenville Thomas and Chief Financial Officer and Corporate Secretary (the “CFO”) Shaun Pollard, (a “Named Executive Officer” or “NEO”). No other individuals are considered “Named Executive Officers” as such term is defined in Form 51-102F6 – Statement of Executive Compensation.

Compensation Philosophy, Objectives and Process

The primary goal of the Company’s executive compensation process is to attract and retain the key executives necessary for its long term success, to encourage executives to further the development of the Company and its operations, and to motivate top quality and experienced executives. The Company does not have a formal compensation program. The Board meets to discuss and determine management compensation, without reference to formal objectives, criteria or analysis. The general objectives of the Company’s compensation strategy are to (a) compensate management in a manner that encourages and rewards a high level of performance and results with a view to increasing long-term shareholder value; (b) align management’s interests with the long-term interests of shareholders; (c) provide a compensation package that is commensurate with other junior mineral exploration companies to enable the Company to attract and retain talent; and (d) ensure that the total compensation package is designed in a manner that takes into account the constraints that the Company is under by virtue of the fact that it is a junior mineral exploration company without a history of earnings. The Board, as a whole, ensures that total compensation paid to all NEOs is fair and reasonable. The Board relies on the experience of its members, as officers and directors with other junior mining companies, in assessing compensation levels.

Analysis of Elements

The key elements of executive compensation awarded by the Company are base salary and/or management fees. There is no policy or target regarding cash and non-cash elements of the Company’s compensation program. The directors are of the view that all elements should be considered, rather than any single element. The Company does not currently provide the executive officers with personal benefits nor does the Company provide any additional compensation to the NEOs for serving as directors or as members of other committees.

Stock Options

The Company has a Stock Option Plan (the “Plan”) for the granting of stock options to the directors, officers, employees and consultants of the Company. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating such persons and to closely align the personal interest of such persons to that of the Company’s shareholders. The allocation of options under the Plan is determined by the Board which, in determining such allocations, considers such factors as previous grants to individuals, overall company performance, peer company performance, share price performance, the business environment and labour market, the

role and performance of the individual in question and, in the case of grants to non-executive directors, the amount of time directed to the Company's affairs and time expended for serving on the Company's audit committee.

APPROVAL OF 10% ROLLING STOCK OPTION PLAN

At the Company's Annual General Meeting held September 25, 2015 Shareholders of the Company authorized the directors to establish a rolling Stock Option Plan (the "Rolling Plan"), under which the Directors were authorized to grant options for 10% of the issued and outstanding shares of the Company from time to time. The purpose of a Stock Option Plan is to attract and motivate directors, officers and employees of and consultants to the Company and its subsidiaries and thereby advance the Company's interests by affording such persons with an opportunity to acquire an equity interest in the Company through the stock options. The Company is currently listed on Tier 2 of the TSX Venture Exchange Inc. (the "TSX").

Under the Policies of the Exchange options granted under such a rolling plan are not required to have a vesting period, although the directors may continue to grant options with vesting periods, as the circumstances require. The Rolling Plan authorizes the Board of Directors to grant stock options to the Optionees on the following terms:

1. The number of shares subject to each option is determined by the Board of Directors provided that the Rolling Plan, together with all other previously established or proposed share compensation arrangements may not, during any 12 month period, result in:
 - (a) the number of shares reserved for issuance pursuant to stock options granted to any one person exceeding 5% of the issued shares of the Company;
 - (b) the issuance, within a one year period, to insiders of the Company of a number of shares exceeding 10%, or to one insider of a number exceeding 5%, or to a consultant of a number exceeding 2%; or to all employees (as defined by the Exchange) who provide Investor Relations services of a number exceeding 2% of the issued shares of the Company.
2. The aggregate number of shares which may be issued pursuant to options granted under the Rolling Plan, may not exceed 10% of the issued and outstanding shares of the Company as at the date of the Grant.
3. The exercise price of an option may not be set at less than the closing market price during the trading day immediately preceding the date of grant of the option less a maximum discount of 25% if the Company is listed on Tier 2, TSX Venture Exchange or without any allowable discount if the Company is listed on Tier 1, TSX Venture Exchange or on the TSX.
4. The options may be exercisable for a period of up to 10 years.

5. The options are non-assignable, except in certain circumstances. The options can only be exercised by the optionee as long as the optionee remains an eligible optionee pursuant to the Rolling Plan or within a period of not more than 90 days (30 days for providers of investor relations services) after ceasing to be an eligible optionee or, if the optionee dies, within one year from the date of the optionee's death.
6. On the occurrence of a takeover bid, issuer bid or going private transaction, the Board of Directors will have the right to accelerate the date on which any option becomes exercisable.

The Rolling Plan must be approved yearly by the shareholders of the Issuer in order to re-set the number of shares that can be granted under the Rolling Plan.

If shareholder approval of the Rolling Plan is obtained, any options granted or amendments made to options previously granted pursuant to the Rolling Plan will not require further shareholder approval although notice of options granted under the Rolling Plan must be given to the Exchange. Any amendments to the Rolling Plan must also be approved by the Exchange and, if necessary, by the shareholders of the Company prior to becoming effective.

Shareholder approval of the Rolling Plan requires a simple majority of the votes cast by the Shareholders.

The text of the Rolling Plan is available for review by any Shareholder up until the day preceding the Meeting at the Company's registered and records offices at 2080 – 777 Hornby Street, Vancouver, British Columbia.

Shareholders will be asked at the Meeting to consider and, if deemed advisable, approve with or without variation the following resolution:

“BE IT RESOLVED THAT the Stock Option Plan authorizing the directors to grant options on shares up to a maximum of 10% of the Company's shares issued and outstanding from time to time, as at the date of the relevant Grant, be and it is hereby approved, together with all options granted thereunder as at the date hereof, and that the board of directors be and they are hereby authorized, without further shareholder approval, to carry out the intent of this resolution.”

If this resolution is approved by shareholders it is expected that the Board of Directors will in due course grant further options under the Rolling Plan as the Board deems fit in light of the overall compensation program and the relative efforts and contributions of the eligible participants under the Plan.

It is not known that any other matters will come before the Meeting other than as set forth above and in the Notice of Meeting, but if such should occur the persons named in the accompanying form of proxy intend to vote on them in accordance with their best judgment exercising discretionary authority with respect to amendments or variations of matters identified in the Notice of Meeting and other matters which may properly come before the meeting or any adjournment thereof.
